

POWERED BY AVILOO

Scanned OEM SoH*

SoHSCAN

VEHICLE INFORMATION

Brand: Opel
Model: Mokka-e - 50 kWh
VIN: VXXUKZKXZPW024296
Mileage: 94,654km
Scanned SoH*: 96%

READ-OUT INFORMATION

Date: 14/08/2026
Executed by: City Auction Group

EXECUTION PROTOCOL

10:36:47	SoHSCAN started
10:37:05	Starting data acquisition
10:39:05	Finished data acquisition
10:39:16	SoHSCAN completed

*** To get a full assessment of battery safety and value, note the following:**

1. Possible anomalies and malfunctions of battery and cells aren't revealed by the SoHSCAN. They can easily be detected, down to cell-level, using the AVILOO FLASH Test.
2. The scanned (read-out) manufacturer (OEM) State-of-Health (SoH) of the drive battery is the SoH assumed by the Battery Management System (BMS). It may deviate significantly from the true SoH, and AVILOO assumes no liability for its correctness.
3. The true SoH can exactly be determined using the AVILOO PREMIUM Test.
